Combo ST 2200 CX-CI T2 DVB-S2/T2-Receiver

Combo ST 2200 CX-CI T2

With the FaVal Combo ST 2200 CX CI T2 you get a receiver which is ready to receive the new DVB-T2 signal. It supports USB PVR, where you can record or time shift a TV program if a external USB hard disk is connected. On non Pay TV channels you can record one channel and see another channel at the same time, if the channel is on the same transponder.

It is one of the only combo receivers on the market that supports 1080P, and can include Dolby 5.1 sound on the HDMI output.

There is a Conax card reader and room for a CA module. The receiver is fast and easy to install.

Main Features:

- HDTV-receiver
- Combo receiver with DVB-T2 + S2 tuner
- PVR-ready via USB 2.0
- Stand-by < 1W
- HDMI with SD-Upscaler
- Timeshift + Timer

- PVR with Trick Modes (Play/Pause, Record, FF, FR)
- PVR with Timeshift
- PVR Record on and see another channel (Only on FTA Channels)

Combo ST 2200 CX-CI T2

Med FaVal Combo ST 2200 CX CI T2 får du en modtager som er klar til at modtage det nye DVB-T2 signal. Den understøtter USB PVR, der giver mulighed for at optage eller tidsforskyde udsendelser på en ekstern USB harddisk. På FTA kanaler kan man optage én kanal og se én anden på samme frekvens.

Som en af de eneste combo modtagere understøtter den 1080P, og har mulighed for at udsende Dolby 5.1 lyd på HDMI udgangen. Der er indbygget Conax kortlæser og plads til et ekstra CA modul. Modtageren er hurtig og nem at installere.

Main Features:
